The light grey form will replace the light green form currently being used. The Chinese Embassy in Washington, DC, will continue to issue the white pre-printed replacement visa now in use.

To facilitate implementation of this amendment to the export licensing system, I request that you permit entry of textile products, produced or manufactured in China and exported from China during the period January 1, 1997 through February 28, 1997, for which the Government of the People's Republic of China has issued an export license/commercial invoice printed on either a light green form or a light grey form with a dull color map of the People's Republic of China in the middle.

Goods exported on and after March 1, 1997 must be accompanied by an export visa issued by the Government of the People's Republic of China only on the light grey license/invoice form with a dull color map of the People's Republic of China in the middle.

Shipments entered or withdrawn from warehouse according to this directive which are not accompanied by an appropriate export visa shall be denied entry and a new visa must be obtained.

The Committee for the Implementation of Textile Agreements has determined that this action falls within the foreign affairs exception to the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,

Troy H. Cribb,

Chairman, Committee for the Implementation of Textile Agreements.
